

WEBINAR

Demystifying High-Speed Testing with 400G

Get a sneak peek of 800G technology

REGISTER NOW

Hello LWL-Portal,

High-speed networking is evolving at an unprecedented pace and staying ahead of network demands is crucial. As we transition from 100G, 400G technology is now taking center stage, and 800G is rapidly approaching, reshaping how we design, test, and deploy advanced network solutions.

We invite you to a [special event](#) where we'll demystify the complexities of 400G testing and provide insights into how to prepare for the next leap to 800G.

What to Expect:

- Explore practical approaches to streamline 400G testing processes.
- Gain actionable insights into the emerging 800G standards and challenges.
- Hear from industry experts on the latest trends and tools in high-speed networking.

Spots are limited.

Don't miss this opportunity to stay ahead in the race to the next generation of connectivity.

Two convenient days and times to choose from:

- Monday, March 10 at 11:00am ET
- Friday, March 14 at 11:00am ET
